YOOJO

A FULLY FURNISHED INDIAN OCEAN RESIDENCE

FURNISHED, MANAGED AND INCOME-GENERATING.

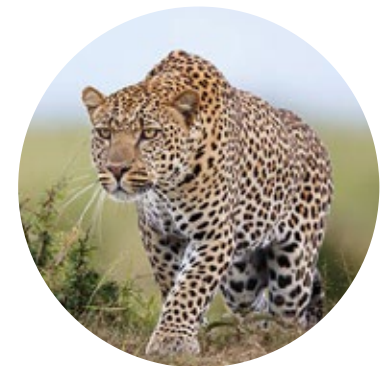

The Destination

**ONE ISLAND. TWO WORLDS.
ZERO COMPROMISES.**

Zanzibar offers something few destinations in the world can: pristine Indian Ocean beaches paired with direct access to Africa's greatest natural wonders.

Within a short flight, you can witness the Great Migration in the Serengeti, stand beneath Mount Kilimanjaro, or explore the rich history of Stone Town, a UNESCO World Heritage Site.

The fundamentals are equally compelling. Tourism has grown from 260,000 visitors in 2020 to more than 917,000 in 2025. New direct routes are opening. International attention is accelerating. Prime beachfront supply remains finite.

Zanzibar has become one of the Indian Ocean's most compelling emerging luxury property markets. The smart money is already here.

The Location

THE QUIETER SIDE OF ZANZIBAR'S
FINEST COASTLINE.

Bwejuu shares everything that makes this stretch of coastline internationally sought-after — the same turquoise lagoon, the same white sand, the same world-class kitesurfing conditions — without the pace and footfall of a major tourist destination. More private. More residential. Increasingly favoured by discerning buyers who know the difference.

YOLO Residence sits 80 metres from the beach, connected by a direct beach path.

Protected height restrictions on the properties directly ahead preserve uninterrupted Indian Ocean views from every residential floor.

*You are not
visiting Zanzibar.
You are owning it.*

**BEYOND THE RESIDENCE.
A WORLD OF OPTIONS.**

Zanzibar is an island where every direction offers a different experience.

The Indian Ocean on one side.
Safari adventures on the other.

Ancient culture, untouched beaches,
and modern luxury in perfect balance.

The Investment

**ZANZIBAR. NOW. BEFORE THE
REST OF THE WORLD CATCHES UP.**

— ~ —

The Bwejuu–Paje corridor has become Zanzibar’s highest-performing luxury residential and hospitality market. Prime coastal supply remains limited. International demand continues to accelerate. Professionally managed residences consistently outperform traditional holiday rentals

YOLO enters this market from USD 150,000 — with a full residential management programme ensuring ownership is effortless and returns are achievable. Whether you are here or not.

The Developer

THE DEVELOPER QUESTION. ASK IT.
THEN COME AND SEE FOR YOURSELF.

Floton Africa has operated in Tanzania since 2014 as a Class 1 licensed construction and real estate developer, with more than \$64 million in active Zanzibar developments across four assets.

Backed by in-house construction expertise and an established presence on the ground, Floton Africa offers investors the confidence of a developer with a genuine track record in one of East Africa's fastest-growing coastal property markets.

One-Bedroom Residence

For investors, proven delivery matters above all else. One residential development in Paje has been completed and handed over; a second is nearing completion.

These are not renders — they are buildings you can visit, physical evidence of a developer who executes.
